KOLDER™

Multi-Purpose Glass Measuring Cup

www.kolder.com

This unique, multi-purpose measuring cup combines quality and the most common household measurements into one utensil, making it an invaluable addition to your home. Made of heavyweight glass, it includes measurements in six different categories, which are visibly imprinted around the glass. The 16-ounce cup includes measurements for teaspoons and tablespoons, cups and ounces with breakdowns for "tumbler", "wine glass", "teacup" and more, grams, and milliliters. Use it for cooking ingredients, mixed drinks, detergents, medications, gardening liquids, diet drinks and more. Dishwasher safe, though hand washing is recommended. Made in the USA.
